The six stand-ups on this page can be used during a game session to represent the new inmates found in **Lockdown: Gen-Pop**. (Assembly instructions below.)

The six villains included in **Lockdown: Gen-Pop** — shown at left — are each presented on two-pages so that the GM can print just the pages he needs, saving printer ink. Each villain includes a complete description, full-color illustration, and **Mutants & Masterminds** second edition game statistics.
